OBJECTIVE

I have been designing and creating websites for over 1 years. I have experience designing and writing websites mainly in ReactJS, and have skills regarding video editing, writing and photoshop!

I'm looking to join an inclusive company which doesn't discriminate peoples based on their race / gender / culture as a freelancer / salaryperson!

My English proficiency includes good communication skills in both listening and speaking, and the ability to read and write documents in English.

Additionally, I am proficient in using project management tools such as Git, IDEs such as Visual Studio Code, and various designer tools such as Photoshop, Figma, and can do a bit of sound / video editing!

EDUCATION

09/2017   -   4/2023
FPT UNIVERSITY - HOA LAC | Software Engineering Major
Bachelor's degree certificates. GPA: 6,94

WORK EXPERIENCES

04/2023   -   09/2024
WORKING AT FPT FIS (1+ YEAR) | Fresher / Employee
- I gained valuable experience collaborating and contributing effectively as part of a team, working on both front-end and back-end tasks.
 - I honed my skill in React.js development and experienced in utilizing various other front-end tools, backed by practical work experience in a professional setting.

04/2022   -   07/2022
3 MONTHS OF FRESHER AT CMC GLOBAL | Fresher
- During this job, I became familiar with corporate procedures and completed online courses to enhance my skills.
- Additionally, I gained valuable insight into teamwork and developed the ability to effectively contribute as a member of a team. I also involved with a project to enhance my ReactJS / NextJS skill.

01/2020   -   07/2022
3 MONTHS OF INTERNSHIP AT FSOFT | Intern
- I had the opportunity to immerse myself in various office tasks and environments, allowing me to gain valuable work experience, learn about work ethics and responsibilities.
- I also had the chance to work with tools like Git and utilize popular Integrated Development Environments (IDEs) such as NetBeans, VSCode, and PyCharm, which provided me with valuable hands-on experience.

TECHNICAL SKILLS

I'm Able to work with Different object-oriented programming languages such as Python, Java/Typescript, ReactJS,...
